

24 Hour Crisis Response Team

The The SAFE Project is designed to assist victims of domestic violence and sexual assault at a moment's notice. Trained advocates are available 24 hours a day to respond to the home, hospital, police station, or any other safe place. Advocates also assist police officers and hospital staff by providing information, support, and services to victims of domestic violence and sexual assault.

Transportation*: Arranged for you and your children (if necessary) to The SAFE Project shelter, hospital, a family member, friend, or other safe location.

*Is only available on a case by case basis.

Safety Planning: Help you devise a safety plan for future use in your home, at work, and in public.
